

# FurrowMAX

**FurrowMAX** is a unique blend of N, P, K, S with P&L's *Furrow Gold* to make a complete biological pop-up or starter for all row crops ... and help you take advantage of carbon-infused fertilizer.

## **Benefits of the FurrowMAX Starter Program:**

### **2-14-16-2s with trace elements of Zn, Mn and Ca.**

- 100% Orthophosphate in-furrow only Pop-up.
- Rate – 2-6 gal/acre, depending on soil type and row crop type.

### **4-16-11-2s with trace elements of Zn, Mn and Ca.**

- Blend of 80% Ortho and 20% Polyphosphate for longer chain of phosphorus availability.
- Rate – 2-6 gal/acre, depending on soil type and row crop type.

### **6-18-7-2s with trace elements of Zn, Mn and Ca.**

- Blend of 65% Ortho and 35% Polyphosphate.
- **Use in-furrow or 2x2.**
- Will blend with UAN.
- In-furrow Rate – 2-6 gal/acre, depending on soil type and row crop type.
- 2x2 Rate – 5-20 gal/acre. Any rate to fit your program.

***Additional micronutrients can be used to meet your crop and or soil needs.***

## ***Ask your dealer how adding these products can benefit you:***

- **26-0-0-2s**— Sulfate UAN Nitrogen product. The sulfur will aid in slowing release of nitrogen. Works great with Furrow Max 6-18-7 or 9-25-4 for a complete 2x2 starter program. Priced very competitively compared to other nitrogen-with-sulfur solutions.
- **Phase II** – Will maximize soil vitality and energize to harmonize plant physiology.
