Derived from Phosphoric Acid, Diammonium Phosphate, Copper Sulfate and Zinc Sulfate

Weight per gallon: 9.86 lb at 68° F

Grams per liter: 1182 g at 20° C

GENERAL INFORMATION:

PercPlus is a formulation of nutrients designed to maintain crop health. **PercPlus** may be applied on all field, row, vegetable, fruit, tree, vine, ornamental, turf, hay and pasture crops.

APPLICATION RATES:

Side-Dress: 16 to 24 Oz/acre.

Seed Treatment: 10 Oz/100 pounds of seed. *For large seed apply 24 Oz/100 pounds or contact DeltAg.

In-Furrow: 8 Oz/acre.

Seedling & Full Canopy Foliar: 32 Oz/acre.

Early season applications on seedling crops may be split into 2 applications on 10 to 14 day intervals.

Transplant Water: 8 Oz/acre in water.

Drip Irrigation: 0.20 Oz/1,000 sq ft weekly.

Injection (1:100): 1 Oz/gallon weekly (78 ppm).

Buffer/Activator: 4 Oz/acre in tank-mix.

Pump-Up Sprayer: 2 Oz/gallon of water. Spray light mist over foliage from 3 feet away. Apply weekly as needed.

COMPATIBILITY: This product is compatible with most commonly used pesticides. However, it is advisable to always check for compatibility. **NOTE:** Always follow label directions and precautionary statements on pesticide label.

*For More Information Please Contact **DeltAg**.

PercPlus™

COMMON METHODS OF USE

Many growers across the country have discovered the many methods of utilizing **PercPlus** and its great benefits.

Seed Treatment: 10 ounces per 100 pounds seed.

In-Furrow: 8 ounces per acre in with fungicide or liquid fertilizer.

Seedling Foliar: The original design of **PercPlus** at 32 ounces per acre per application reduces stress from chemicals, weather & disease. May be applied in 2 to 3 applications of 8 to 12 ounces per acre per trip. May be applied with glyphosate.

Late Season Fungicide Applications: 12 to 16 ounces per acre. May be applied with fungicide. Often applied with **Potassium Plus** & **Boron Plus**.

Buffer/Activator: Growers like **PercPlus** at 4 ounces per acre in with pesticide applications as an excellent buffer and feel it helps overall crop health.

Benefits: Improved vigor and crop development, while reducing stress associated with disease, chemical damage and Mother Nature.

PercPlus™

Chemistry... Not Fertilizer!

In-Furrow or Foliar

PercPlus utilizes **DeltAg's** proprietary **BioTransport System**, which improves absorption and translocation of materials throughout the plant while acting as an aid to improving nutrient efficiency. The "Plus" indicates the presence of **DeltAg's BioTransport System**. **PercPlus** has the ability to perform adequately at very low application rates as compared to other products.

Helps Your Crop at Early Stages:

PercPlus applied early has proven to be very beneficial as an in-furrow or foliar on many crops. Applying **PercPlus** at true leaf is a very important step in supporting your crop. **PercPlus** gives your plant the necessary materials young plants need, making them strong, to protect against harmful conditions. **PercPlus** helps the plant to quickly grow out of its young vulnerable stage. Also **PercPlus**, by design, aids in early root development. Adding **PercPlus** gives your crop tolerance to adverse conditions.

PercPlus is versatile and can be applied to any crop throughout the entire season with great results. **PercPlus** should be added at crucial stages or any time plants are in a weakened condition. **PercPlus** may also be applied late season to be beneficial, and may be applied with fungicide.

BioTransport System

www.seedcoat.com

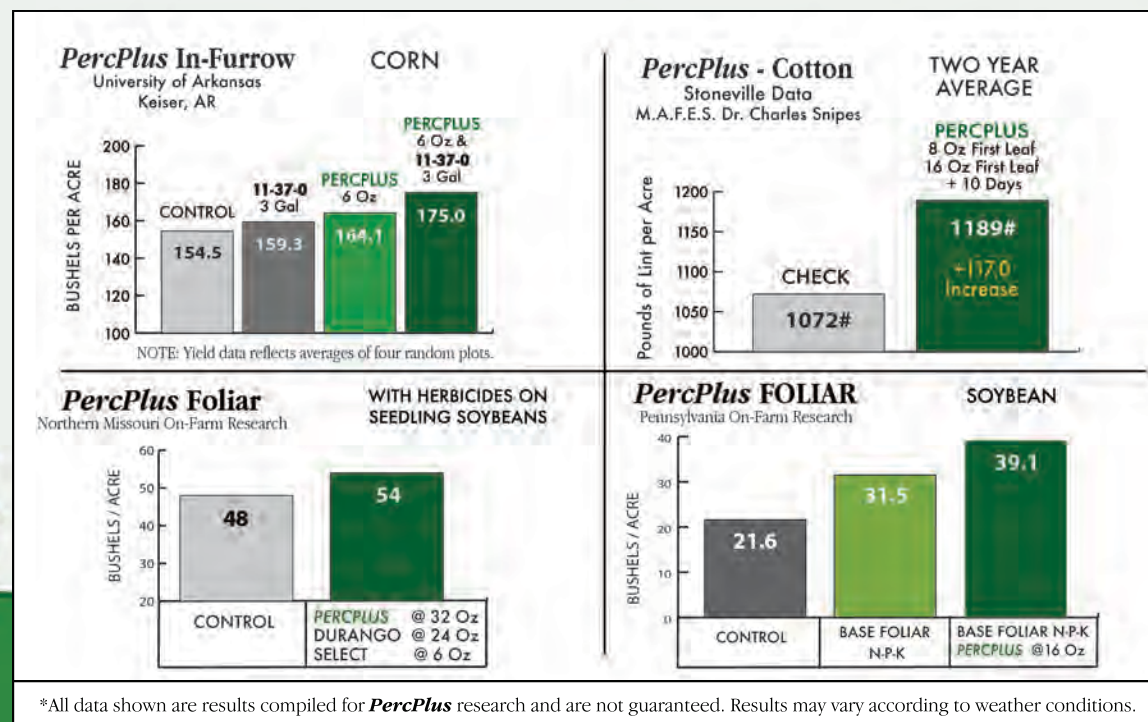

PercPlus is a foliar blend of **DeltAg's BioTransport System** ingredients. **PercPlus** is formulated to promote root development and early growth. **PercPlus** provides plants with **DeltAg's** proprietary **BioTransport System**.

PercPlus buffers pH down in tank mixes. It has been tank mixed with many pesticides. However, always check for compatibility.

Proven Results:

These results, compiled by University researchers, show substantial yield increases. Field results have been very consistent over many years and show a great return on your investment.

Low Rate Crop Response
